Autumn Camp Challenges at Home

Check back on this document: more ideas might be added.

Tip top Tower

Make the tallest free standing tower from newspaper you can. Your tower should be able to safely hold a tennis ball.

You need: some newspapers
 Tennis ball

Hint: Do it in layers, wide at the bottom and getting narrower

Great Indoors Badge: Creative section

Tip top Tower – edible version

Make the tallest free standing tower from spaghetti and marshmallows you can. Your tower should be able to safely hold a tennis ball.

You need: pack of spaghetti
 marshmallows
 Tennis ball

Hint: Do it in layers, wide at the bottom and getting narrower

Great Indoors Badge: Creative section

ALL NATURAL CAMPSITE

Make a model campsite: complete with people.

- Make it out of natural materials: you may need to collect beforehand.
- Make it on a plate, but you could use a tray if really ambitious.
- Try to take a photo: this would look better from the side.

Collect (for example):
Sticks

Acorns (could be used to construct people)
Large leaves for tents

You can use man-made items for sticking things together (eg cocktail sticks, bluetac)

Great Indoors Badge: Creative section, outdoor

Wiggle a woggle

No clues here, just make a woggle to hold your neckerchief. Use your imagination to what you use and how to make it look special.

Great Indoors Badge: Creative or Practical section (counts for either)

FAMILY CREST

Design and create a family crest.

A true family crest should represent all members of your household.

Perhaps include a motto
